

MOB OF 800 MINERS
FORCED TO GIVE IN.A DETERMINED EFFORT TO
CLOSE THE ECKHART.

Men at Work There Refuse To Go Out, and the Strikers Were Unable To Carry Their Point—Pullman Car Works All Closed, and Guarded To-day.

CUMBERLAND, Mo., May 12.—Eight hundred miners made an unsuccessful attempt to stop the men at work in the Eckhart mines this morning.

PEORIA, Ill., May 12.—W. E. Phelps, operator of the Elmwood mine, has demanded protection of the sheriff. There is a force of 400 strikers about to visit his mine and demand that the men still at work join them. The strikers are expected to-day. The strikers from Norris, St. David, Farmington and Dunfermline are in the movement and propose to shut down the mine if possible.

GALESBURG, Ill., May 12.—The Chicago, Burlington & Quincy road has almost run out of coal on the Illinois division, and it is thought some trains will have to be taken off. Many of the engines are burning wood.

ST. LOUIS, Mo., May 12.—As a result of the vote of the miners in shafts 6 and 7 both mines worked full force yesterday and will continue to do so. Sheriff O'Neil has come home after discharging all his deputies except thirty, who now guard the shafts.

PULLMAN WORKS UNDER GUARD.
Workmen Are Holding Meetings Today and Everything Is Quiet.

CHICAGO, May 12.—Everything is quiet in Pullman today. The strikers are holding meetings. The doors are closed and guarded. It was about 11 o'clock yesterday morning trouble between the Pullman company and the 4,300 employees of the works at Pullman reached a crisis, when a large number of men in the shops threw down their tools and walked out, thus precipitating the strike that has been threatened for several days past and which it was thought had been averted, for the time being at least. No trouble is expected, though ample preparations have been made.

TROOPS TO CONTROL STRIKERS.

Agent in the Choctaw Nation Appeals to the Commissioners.

MUSKOGEE, I. T., May 12.—The situation brought on by the striking miners in the Choctaw nation has become so serious that Agent Wisdom has wired an appeal for help to Washington.

OSKALOOSA, Iowa, May 12.—Four hundred striking miners camped about the Carbonado mines yesterday and worked hard to get the men to vote to go out. They failed by 30 majority. A large force of deputy sheriffs has been sworn in and the men will be protected.

BIRMINGHAM, Ala., May 12.—Early yesterday morning a body of armed miners was seen near the stockades at Pratt City, but dispersed when observed. Gamble miners are now in the strikers' columns. It is raining and no assemblages of strikers or demonstrations by armed mobs are expected.

PITTSBURGH, Kan., May 12.—Superintendent Kirkwood of the Wear Coal company has received instructions to shut down No. 2 shaft at Kirkwood until fall as a result of the strike. No mine at Fleming will be closed permanently. Unless the men go back to work No. 2 will also be closed.

RICH HILL, Mo., May 12.—The miners are all out and everything is quiet in this field.

STRIKE FOR THE JOBS.

Great Northern Men Say They Will Go Out Once More.

ST. PAUL, Minn., May 12.—Nearly all the members of the A. R. U. Grievance committee are in the city. James Hogan, the Montana organizer, who ordered the strike on the Great Northern, was one of the last to arrive, and he says the Montana men are ready to go out if the agreement between Mr. Hill and the men is not carried out to the letter. Director Rogers, who has charge of the A. R. U. matters in St. Paul, claims to have received telegrams from various points along the line, stating that many men have been discharged, notwithstanding the denial of the officials of the company. The members of the committee claim that wholesale arrests are being made at the instance of the company by the United States marshals of men who were not guilty of interfering with the running of trains or the destruction of property. They claim that this method is being pursued by the company as a means of revenge against the union and its leaders.

GRAND FORKS, N. D., May 12.—The American Railway Union men here received a telegram last night telling them to hold themselves ready, as another strike may be ordered. The men are indignant over the refusal of President Hill, as they say, to stand by his contract. They expect to be called out inside of twenty-four hours, if at all.

ILLINOIS MINERS OBSTINATE.

PARIS, May 12.—A bomb was exploded at 11:30 last night at the residence of Pierre Masson, a hat manufacturer at No. 43 Avenue Kleberg.

FIGHTS UNCLE SAM
BECAUSE OF TARIFF.

GERMANY WILL AVENGE RECIPROCITY'S DEATH.

The Day That Republican Suggestions Are Disregarded in the Tariff Matters, That Day American Goods Will Be Taxed in Germany—Many Speeches on the Wilson Bill.

WASHINGTON, May 12.—It is said at the senate that the German ambassador looks upon the sugar amendment of the tariff bill as a direct slap at Germany, for Germany exports to this country more refined sugar than all the other countries combined. The discriminating duty of one-tenth of a cent a pound on her refined sugar will lead, it is thought, to retaliation against our products by Germany. The restrictions imposed by Germany on American products were removed some time ago, and the argument is made that if the United States enacts into law this discriminating tax Germany will impose in every way the importation of certain products into that country.

WASHINGTON, May 12.—In the senate yesterday Mr. Allen tried in vain to obtain consideration for his Coney resolution, and after a very brief discussion of Mr. Peffer's industrial depression resolution, the senate resumed consideration of the tariff bill. Mr. Chandler said in his opinion it was unwise to go ahead with the consideration of the tariff bill until the senate and the country were informed upon what principle the bill was framed. He declared it had been changed, torn, and patched with protective tariff, free trade, and revenue tariff duties until it was neither fish, flesh, fowl, nor good red herring.

At the conclusion of the remarks of the New Hampshire senator Mr. Harris moved, with some temper, to lay the pending amendment (that of Mr. Perkins to make the duty on boracic acid five cents per pound) on the table. The motion was carried by a strict party vote—31 to 25. Many other amendments fixing a duty upon various kinds of acid were debated. They were of no general interest.

Just before the senate went into executive session a truce was arranged by which the democrats agreed not to press the motion to meet at 10 o'clock with the understanding that the morning hour should be limited to one hour and the tariff bill be taken up each day at noon. At 5:55 the doors were closed.

House Talks of the Navy.
WASHINGTON, May 12.—After action on some minor bills the house yesterday went into committee of the whole to consider general appropriation bills (Mr. Richardson of Tennessee in the chair), and the naval appropriation bill was taken up. Mr. Boutelle advocated liberality toward the navy to continue the good work commenced under Secretary Chandler. The discussion was closed by Mr. Cummings, chairman of the naval affairs committee, who revived the old charge against the Robeson regime.

Mr. Reed delivered a sarcastic reply to Mr. Cummings. At 5 o'clock, it being Friday, the house, according to custom, took a recess until 8 o'clock, the evening session to be devoted to private bills on the calendar.

Farmers' Alliance Busy.
WASHINGTON, May 12.—The executive committee of the Farmers' Alliance yesterday presented to congress a memorial urging the appointment of a joint committee of the senate and house to consider the "causes of the present depressed condition of the industrial interests in the country." The committee decided to enter into correspondence with all other farmers' organizations in the United States with a view to thorough co-operation and to having all national organizations hold their next annual sessions together. A subcommittee of three was appointed to attend the convention of labor and industrial organizations to be held at St. Louis June 11.

Proposes a New System.
WASHINGTON, May 12.—Mr. Erdman of Pennsylvania has a bill amending the civil service law. It increases the number of commissioners from three to four, not more than two of them to be of the same political party. Persons who pass the examination are to be divided into two classes, according to the two political parties, casting the largest vote. The patronage to be divided equally among the several states and territories.

Calls Anti-Option a Humbug.
WASHINGTON, May 12.—Speaking of the new anti-option bill Representative Quigg of New York to-day said it was a combination of humbug and ignorance, which, pretending to aid the farmer, would place him at the mercy of the elevator owners, so that he would get nothing out of it except a market for his goods ruinously contracted from that which exists to-day.

Postal Telegraph Legislation.
WASHINGTON, May 12.—Marion C. Butler, president of the Farmers' Alliance and Industrial Union, made an argument before the house committee on postoffices to-day in support of postal telegraph legislation, because it would correct an evil of monopoly.

Mrs. Henrietta President.
PHILADELPHIA, Pa., May 12.—The Federation of Women's clubs yesterday elected Mrs. Charles Henrietta of Chicago president.

Explosion at Paris, France.
PARIS, May 12.—A bomb was exploded at 11:30 last night at the residence of Pierre Masson, a hat manufacturer at No. 43 Avenue Kleberg.

COXEY'S ARMY LEAVES
THE CAPITAL CITY.

THE RAGAMUFFIN HOSTS MOVE TOWARD BLADENSBURG.

Over Five Hundred Men in Line, and Officers Are Not Quite Clear What To Do With Them—General Kelly Reaches Harvey, and Rests Nearly All Day.

WASHINGTON, May 12.—Coxey's army started for Bladensburg at nine this morning. It numbered 525 men and the officers were full of enthusiasm although not very clear as to just what they expected to accomplish.

PELLA, Iowa, May 12.—Kelly's army moved to Harvey this morning. There they will stay until late this afternoon. This detachment of the industrial army is making good headway with its fleet. Kelly said he would get along all right and reach Washington on time. "Labor organizations of the country," he said, "are contributing liberally, and we will have money enough to get along on. We have sufficient provisions at present, or will have when the Oskaloosa delegation, which is delayed, gets here."

PORTLAND, Ore., May 12.—Portland's Coxey army, which a week ago contained 600 men, to-day numbers less than forty. They are scattered along the Union Pacific in small squads, riding on freight trains whenever they get a chance.

COXEYITES DROWNED AND SHOT

Disasters to the Army in Many Parts of the Country.

ELLENBURG, Wash., May 12.—Four of the body of industrialists which started down the Yakima river in a boat were drowned by the capsizing of the craft, which became unmanageable in an eddy. Twenty-one men escaped with a drenching.

NORTH YAKIMA, Wash., May 12.—Another collision took place between deputy marshals and commonwealers about 4 o'clock yesterday and two of the latter are now confined at the hospital, suffering from gun-shot wounds. They had captured a train, and refused to leave it. Two of them were wounded, but not seriously. Others, to the number of 130, were marched to the county jail and locked up.

SPOKANE, Wash., May 12.—Major Johnstone of this city, in command of the state cavalry, has received a telegram from the sheriff at Yakima asking the authorities to call out the troops to quell the riotous proceedings of the commonwealers there. The request was referred to Gov. McGraw for action.

United States Marshal Pinkham has gone to Sand Point on a special train with twenty deputies and fifty United States regulars.

TACOMA, Wash., May 12.—Great trouble has resulted since the officials of the Northern Pacific have insisted upon the United States deputy marshals preventing the Coxeyites from riding on trains. The industrialists are angry and the citizens along the railroad are alarmed. At several points there is a demand for troops.

SACRAMENTO, Cal., May 12.—Constable Fleckenger shot and killed Col. Paisley of the industrial army at Rocklin, Cal., early yesterday. At 4 o'clock the industrialists under Lieut. Smith, 700 strong, seized a freight train at Arcade station and went to Rocklin. Engineer Williams, a member of the party, was placed under arrest by Constable Fleckenger. Smith and Col. Paisley protested, there was a quarrel and Fleckenger drew a pistol and pointed at Smith, who jumped to one side. The constable fired and killed Paisley. The industrialists became furious and started to lynch Fleckenger. Smith, however, protected him and aided him to escape. He is now at large. Engineer Williams meantime had been locked up. The industrialists demanded his release, and citizens fearing trouble restored him to liberty.

RANDALL'S MEN HELD IN CHECK.

South Bend Supplies Food, but They Can Not Room at Will.

SOUTH BEND, Ind., May 12.—Randall's army is camped on the banks of the St. Joseph river. Though hundreds applied for admittance during the afternoon no one without a pass from the chief of police was admitted within the inclosure. The chief says the precautions have been taken to prevent contagion. After a six hours' march Randall's party arrived here from New Carlisle at 1 p. m. They had covered fourteen miles. Two miles from the city Randall was met by the chief of police and Capt. Cassidy on horseback. They conducted the army to the city limits, where they were joined by a squad of police. The city has provided ample supplies for the men. Randall is out of funds and much worried thereat. He wishes to remain here over Sunday, but the police say he must move on. Elkhardt, the next stopping place, is making preparations to receive the army with a police guard and some provisions.

THANKFUL TO UNCLE SAM.

Colorado "Wearers" Think Their Arrest a Benefaction.

TOPEKA, Kan., May 12.—The Sanders band of train stealers arrived here at 1:20 o'clock yesterday as prisoners of United States Marshal Neeley. Sanders says the Missouri Pacific destroyed \$5,000 worth of property trying to prevent him getting out of Colorado. In the army are three locomotive engineers, five firemen, three telegraph operators, and one civil engineer. Not a weapon of any kind was found among them by the deputy marshals. Sanders is an electrician and a native of Missouri. He is 29 years old and a natural commander. Marshal Neeley's prisoners will have a formal hearing Monday before United States Commissioner Waggener, when they probably will be turned loose for the people of Topeka to take care of. Sanders and his men look upon their arrest as a benefaction. The leader says: "We are very much obliged to Uncle Sam for helping us this far on our journey, providing us with comfortable cars, and keeping us from hunger."

WHOLE FAMILY MURDERED.

Father, Mother and Four Children Slain—Assassins in Danger of Lynching.

BROWNING, Mo., May 12.—Gus Meeks, his wife and four children were found murdered near a straw stack in an open field here last evening. The murderers are under arrest here and a lynching will probably occur soon. Meeks and his family lived at Milan and were coming here yesterday to visit relatives. They were waylaid. The cause of the crime is said to lie in the fact that Meeks was a damaging witness in a big cattle case last September. Great excitement prevails, and if the murderers are fully identified the sheriff will be unable to prevent summary punishment. At a late hour a farmer came in from the northeast, and said that the supposed murderers had fled and that not less than 500 men were after them.

The government will rest its case Monday. T. P. Haughey will be placed on the stand in rebuttal.

"We have formed very decided opinions as to our rights and expect shortly to be in a position to enforce them. However, we are most desirous, if possible, of avoiding disputes or litigation and in this view we note with satisfaction the conciliatory tone of the concluding portion of your letter. If you and the other gentlemen associated with you are prepared to approach the question at issue with the English stockholders in the same spirit every effort will be made on our part to bring the negotiations to a satisfactory conclusion. No further action of an antagonistic character will be taken by us during the month of May in the hope of hearing from you again, unless it should become apparent that negotiations could lead to no useful or practical result."

RUSH TO THE GOLD FIELDS.

Intense Excitement in West Australia—News of the Alameda.

SAN FRANCISCO, Cal., May 12.—The most important news received from Australia by the steamer Alameda deals with the rush to the mining camps of Coolgardie in West Australia and of Wyalong in New South Wales.

Early in March there were 3,000 on the ground and the number has since increased several hundred daily. March 30 it had reached 8,000. The road from the nearest settlement, thirty miles distant, is in fearful condition and the water supply is bad. The camp swarms with men who have had no experience in mining and who fall ready victims to sharpers. Others who have no means and who expected to get work have crowded in. They are practically destitute and the government will have to help them out.

PENSION IS TAKEN FROM VETERANS.

WM. V. MORRISON STRICKEN FROM THE ROLL

Ten Years Were Required To Collect the Proof in His Case, and Now After Shipmates Are Dead He Must Furnish New Evidence Within Thirty Days.

William V. Morrison served five years in the United States navy during the war.

He was so badly wounded by a shell that he never recovered.

One thing he had yet to learn. That was the blessing of having an ex-Confederate commissioner of pensions.

There is a shortage of \$76,000,000 in the treasury through democratic tinkering and Secretary Smith of Georgia and Pension Commissioner Lochren of the Confederate States of America intend to make veterans meet the deficiency.

Pension money must fill the gap.

It took ten years work to get a pension for Mr. Morrison. The officers who commanded his ship when he was wounded were all dead long ago. Shipmates were scattered or dead. It was impossible to prove to the satisfaction of the department that he was the William Morrison who was struck by a shell and disabled. After long striving, a satisfactory case was established and a pension granted. It was small, but trifling as it was it has done much to smooth the veteran's path for the last few years.

Wiped Off the Rolls.

Now comes the Confederacy.

Signed by Commissioner Lochren a notice reaches the sailor announcing that he has been dropped from the pension roll. No charge is made; it is simply stated that thirty days will be given to forward a new set of proofs. At the end of that time if the proofs are not convincing enough the name will be stricken from the roll permanently. Thirty days to collect proofs, that it required ten years to gather when shipmates who are now dead were still on earth! Thirty days or lose all chance of being restored to the rolls. Thirty days and hardly a man of the old ship's crew who can be found and brought in to give evidence. It was hard to establish a case in 1886. What must it be now?

Mr. Morrison is not the only veteran who is put in this plight. The notices are being sent out by wholesale. One case is a fair sample of all. A powerful government has let the years pass when additional proof in pension cases might easily be had. It has waited, only to drop its heavy hand on gray haired veterans when the comrades who saw them wounded and could testify to the facts have passed away.

Other Counties Feel It.

As said before Janesville is not the only place where such cases are reported. The Lochren order was a sweeping one. The Lake Geneva Herald says:

"Last week Barney McGuire and Thomas McFadden received orders from the pension department to report at Janesville to be examined and show cause why their pensions of \$12 a month should not be reduced to \$8 or taken away entirely. McGuire has always been a democrat and probably always will be one. The soldier who could go through the war and still continue a democrat is pretty nearly incurable, in that respect."

MAIL LETTERS ON THE CARS.

Postal Clerks Compelled to Receive Matter As Usual.

The postoffice department has sent to all railway mail service employees circulars calling attention to the postal regulations requiring postal clerks to accept all prepaid mail matter offered them at their cars and to forward it to its destination. Inquiries have been received at the department from almost every section of the country indicating a very general misunderstanding due, it is said to the publication of a number of articles incorrectly intimating that the sections of the regulations making the obligation has been repeated. The rule is declared to be still in force and refusal to comply will render clerks liable to dismissal unless special authority has been given.

ALL SOULS CONCERT A SUCCESS. Course as a Whole Has Not Been a Source of Much Profit.

Local musicians contributed to a delightful concert at All Souls church last evening. It was the last entertainment on the Popular Lecture Course, and filled the house. Walter Skinner's nocturne for the organ, "The Harvest Moon," was well rendered by Miss Ada Pond, as the first number. Mrs. C. B. Conrad was in excellent voice and sang "In Roman Land," by Roedel, flowers and applause voicing the appreciation of her hearers. There were three selections by the Orpheus Mandolin Club, "The Schon Leipsig March," "The Darktown Military Band" and "Memories of Home." George G. Paris sang a double number, "Calm as the Night," by Carl Bohm, and Rondegger's "A Mariner's Home," and was followed by an instrumental trio by Miss Ada Pond, Edward Holmes, and F. F. Lewis. Hoffmann's "Im Fruhling," was well rendered. Mrs. L. A. Torrens delighted the audience by her solo but refused to respond to an encore. Later she appeared with Mrs. Conrad in a duet "Carmena" by Wilpan, which won the ladies an encore. Edward Holmes gave Schubert's violin solo "Barcarole," Miss Pond playing the piano accompaniment. The concert was very successful, but the course as a whole was not a source of much profit, only a few dollars remaining after the expenses had been paid.

CHIPS OF BOWER CITY NEWS.

Templars Have a Spelling Bee.

Last evening the Good Templars began their new quarter in a very auspicious manner by initiating two new members. During the coming quarter the ladies and gentlemen will be on opposite sides, striving for a prize. For "good of the order" last night an old fashioned spelling school was enjoyed, the ladies after a severe struggle, carrying off the honors.

Three Passengers on a Train.

As an illustration of the amount of travel by railroad these democratic times, a remark of a local conductor will suffice. "Talk about the rush of passengers," said he, "I only had three passengers between this city and Harvard yesterday. This number or less is not infrequent these times."

Country Roads to be Bettered.

The new road scraper has been put to work in the town of Fulton and an improvement in the roads in that town may now be expected. The road from Indian Ford to Edgerton will receive considerable attention this year.

Pease will address the young people. The roof of G. E. Brightman's house caught fire Sunday afternoon. Will Johnson, Cage Ansley, and John Swaney were returning from Koshkonong lake and came along just in time to give warning.

ORFORDVILLE WOMAN HURT.

Mrs. J. M. Cleveland Falls From a Bench and Breaks Her Arm.

ORFORDVILLE, May 11.—As Mrs. J. M. A full program has been arranged for the next meeting of the Temperance and Literary association. Frank P. Skinner will have charge of Terry Bros. store the coming week or two, while O. E. Terry takes a vacation. The infant child of Mr. and Mrs. William Wells died last Friday and was buried Sunday from the M. E. church.

Janesville Shoe Hospital.

Cured or no pay. If the old ladies serge congress sold by the banner shoe store at the price unheard of, fifty cents, does not cure those corns, bunions and ingrown toe nails then no pay will be required. Call at the sanitarium and get a pair. Brown Bros. & Lincoln are the doctors.

Living entirely for self is about the smallest business any one can engage in.

GRANITE IS OFFERED FOR CITY STREETS.

JANESVILLE ALDERMEN GET BARABOO SAMPLES.

This Grade of Crushed Stone Can Be Laid Down Here for About Two Dollars a Yard, and a Cubic Yard Covers Three Feet of an Ordinary Street.

Alderman F. S. Winslow of the highway street and bridge committee has received specimens of crushed stone from the Baraboo quarries, which he is exhibiting to those interested. The stone is crushed in various sizes, at the quarries and sold for street and road building. It is granite and is said to be the very best road material.

"This stone costs \$1.27 cents a cubic yard at the quarries," explained the Third ward alderman. "We can get it shipped here by rail at four cents a hundred. The cost here would be about \$2.30 a cubic yard. A cubic yard will build considerable road. For example: you spread it two inches deep, a cubic yard will cover a space three feet wide and fifty-four feet long. But it should be put on the city street a little more liberally. The coarse stone should be put on first, and then the two smaller sizes mixed, should be put on. I think the stone would stand well in roads and streets, but I fear it will cost too much to be adopted." The alderman was standing at the curbstone watching the men lay cedar blocks on East Milwaukee street when he was explaining.

"You see these cedar blocks can be put down about as cheap, and people generally favor the block pavement." The samples of stone were exhibited to the crowd. The largest stone was about the size of No. 4 coal; the next a trifle smaller, while the third and smallest size would compare with chestnut coal in size. In case the common council determines to use this material in repairing or making streets, a heavy street roller will be necessary. The matter will probably be brought before the common council.

CARD FROM MAYOR THOROUGHGOOD

All Saloons Must Be Closed on Sundays, He Declares.

JANESVILLE, May 10.—The mayor is very reliably informed that very many of the saloon keepers of this city are violating Section 7 of the city charter, by the sale, on their premises, of intoxicating liquors on Sunday. This violation of the license law has become common, and strenuous efforts must and will be made to suppress it. I hereby give notice that the police force of this city has been instructed to prosecute any saloon keeper violating the license law. Complaints have come to me so strongly and so frequently and from so many of our citizens (many of them having in their families young men who frequent these places) and I look to the police to use every effort possible to suppress this evil. The mayor will say most earnestly that the payment of a fine will not end the matter for those who violate the law. In addition to a fine efforts will be made without fear or favor to revoke the license of any who may be found guilty. This power is vested in the common council and I am assured the common council will not hesitate to act when called upon.

JOHN THOROUGHGOOD, Mayor.

HELP MAKE TIMES HARD.

The situation does not look pleasant. The commercial horizon is hazy and the financial atmosphere unwholesome. Foolishness at Washington has done much to bring this about, but there are other causes. The Shoe and Leather Reporter, one of the best of the trade weeklies, suggests this when it says there is a spirit of unrest abroad which threatens baleful consequences. When men are discontented with their condition, they may better if they act understandingly, but it seems now as if every step taken was in the direction to intensify rather than to mitigate the evils that exist. For example, there have been large numbers of persons out of work for a year. This is attributable, in a measure, to the distrust of capitalists, who, because there are so many disturbing elements to impair the safety of investments, allow their funds to lie idle rather than to risk them in undertakings which would enhance the demand for labor. It is clearly for the interest of every one who works for a living to do all in his power to strengthen popular confidence in the stability of our institutions, and the certainty that order will be maintained and the rights of property held inviolate. And yet there are thousands of seedy and rusty creatures prowling around in various sections of the country, making forced loans of provisions, stealing railway trains and terrorizing peaceful citizens, who always have a horror of mobs. These tramps complain through their leaders of the hard times, but they are helping to keep the times hard.

Providence has given the Louisiana legislature, which convenes on the 15th instant, (through the election of successors to Senators Blanchard and Caffery) power to name the duty it desires on sugar and get it, or defeat the tariff bill. It remains to be seen whether it has also given members of that legislature "sand" to make use of their power.

The wool-growers seem to have been left out of the democratic tariff concessions at Washington; but the wool growers are farmers, and farmers never did receive anything but kicks and cuffs from the democratic party.

The Knights of Labor have discovered how disagreeable it is to have a Sovereign who lacks judgment.

With Mrs. Lease and Jerry Simpson both sick it is not surprising that the Coxey army movement fizzled.

Certain democratic senators believe all protection unconstitutional, except that extended to trusts.

HUGH REED, an aged money lender, fell through his barn floor and died in a few moments at Lake Geneva.

Their Business Is Growing.

Bort, Bailey & Co. never enjoyed such a business as they have had the past week. This is nothing more than one can expect when the subject is viewed in the correct light. They have adopted the rule of "dividing their profits" and they are doing it. Yesterday they sold gingham—regular twenty-five cent gingham for fourteen cents, and how they did sell! It was almost impossible to wait on the people. Over one thousand yards sold in one day.

I. C. SLOAN'S LAND DEAL WITH THE C. & N. W.

Hamlet at the High School—Seventeen Hundred Conversions in a Winter—Many Improvements on Janesville Residences—Little Girl's Escape From a Runaway Horse.

A SEVENTEEN acre triangle of farm land has just been sold by I. C. Sloan to the C. & N. W. road for \$1,747. This was because of foresight in making contracts. Mr. Sloan owns a farm at the mouth of Four Mile Creek and the Evansville branch shaves off a seventeen acre slice. When he sold the right of way across the farm Mr. Sloan put in the contract a specification that the road should maintain two or three solid culverts. It proved that culverts would cost about as much as the land, so the road decided to buy at Mr. Sloan's figures. Other sales of Janesville realty are listed on page two.

We feel to say once more that there is no 7 button shoe in Janesville like those we sell for \$3.50 and \$4.00 that in any way compares with ours. Any statement contrary to this is a misrepresentation pure and simple, made for the purpose of misleading the people. We are prepared to prove this beyond a doubt, and invite investigation. Becker & Woodruff, on the bridge.

BUGGIES GO FOR \$2; A FACTORY FOR \$101

RICHARDSON PLANT SOLD UNDER THE HAMMER.

A Hundred Handsome Vehicles Lumped Off to Dennis Hayes for \$190, and the Manufacturing Property Is Bought by the Same Man for \$101—Sheriff Is Now in Charge.

There was an immense sale of carriages, baggage wagons, wagonettes, carriages, surreys, buggies, road wagons, carts, and in fact, all kinds of vehicles, in Janesville this morning.

As far as outsiders could see buggies were sold for less than two dollars each, these vehicles, the larger and handsome carriages and surreys, as well as the ordinary carts, all selling at the same figure. Carriages, too, were sold at astonishingly low figures.

The sale was on chattel mortgage proceedings, and there were two lots of vehicles exposed for sale.

It was the sale of the effects of the collapsed Empire Cross Spring Company, and Constable Wallace Cochran was the salesman.

There were many attorneys present at the sale, besides several hundred idle spectators.

First about one hundred light buggies, carts, carriages, surreys and that class of vehicles, stored in one of the large store rooms in Conrad row were put up and the lot only brought \$190, Dennis Hayes being the purchaser.

Dispute Over a Mortgage.

The crowd then marched to the old rink building, the shops of the collapsed company, which was stored full of carriages, and many different kinds of vehicles in various stages of manufacture.

"I now offer for sale all this property that is covered by chattel mortgage of thirty-five hundred dollars, given by John W. Richardson to Alex. Richardson," said Constable Cochran. "This mortgage appeared to cover all the effects of the company."

"I wish to say for the information of the purchaser of this property," explained A. A. Jackson, "that proceedings have been commenced to declare this chattel mortgage void."

Outsiders began to see light.

It was explained by Mr. Jackson that besides the chattel mortgage of \$3,500, there were judgments amounting to \$1,000 held by various parties; that mechanics liens to the amount of \$570 had been filed already, and that liens amounting to \$500 more were in sight, all these liens being for labor by the men employed in the shop.

The bidding commenced by Dennis Hayes offering \$50 for the lot. This was raised five dollars at a time until \$100 was reached. "One hundred and one dollars" said Mr. Hayes. This was not raised and the entire property was thus sold—the vehicles in Conrad row, numbering about one hundred at \$190, and the company's property in the shops at \$101.

"All this property is now in the hands of the sheriff," said Lawyer Jackson. "He has possession under attachment proceedings, and will hold it until the proceedings relating to the chattel mortgage are settled."

The crowd dispersed, and the shops of the Empire Cross Spring Company were closed, with the sheriff in possession of the property.

JOHN HARLOW BADLY HURT. Delirious During the Night From the Effects of His Injuries.

John C. Harlow passed a hard night. He was more badly hurt in the Eau Claire wreck than was supposed. There is hardly an inch of his body that is not bruised. Today his left eye cannot be seen, his face being so badly swollen. He was delirious during the night.

One bit of good news that did much to restore his spirits was a dispatch from Chicago saying that the registered mail which he took to Chicago in person Friday morning had "checked up" perfectly. Not a letter was missing.

FOREPAUGH WILL COME LATER. Sells Bros. intend to Pitch Their Tent at Spring Brook.

Forepaugh's show, which was booked for Janesville May 30, will not come until later in the season. The date was too near that of Sells Brothers, June 11. Forepaugh's show will play Racine instead of Janesville and will strike Janesville on the way back from the west later in the summer.

Jerry Dunavan, the veteran contractor for Sells Bros. is in the city making contracts to exhibit. The circus will pitch its tents on Carrington's ground at Spring Brook, opposite the car barn.

Minnie McAffrey, of Beloit, accompanied by her attorney, J. G. Wickham, appeared in circuit court chambers this afternoon giving testimony in a divorce proceeding, Minnie suing for divorce from her husband, Bert J. McAffrey, whom she married in Clinton in 1885. BEAR WILL LIVE IN JANESVILLE. Sheriff Buys the McKey Homestead and Also Builds a Home.

Sheriff J. L. Bear and family will probably continue to live in Janesville. Sheriff Bear was looking at a large paper today and remarked:

"I have just bought the McKey homestead at 204 South Main street."

"Then you propose to give up the farm and become a resident of the Bower city?" queried the reporter.

"Well, this might indicate such a move but I have bought this property on a speculation. I am making arrangements to build me a home in the Second ward, and may remain in the city."

S. A. POND IS DEAD OF HEART DISEASE.

END COMES VERY SUDDENLY AT 1:00 A. M.

Ill Health Had Given Warning of the End, Which Was, However, Unexpected—Wife and Five Children Survive—Widely Known as a Successful Mail Contractor.

Samuel A. Pond died at his home, 7 East street south, at 1:30 o'clock this morning, of heart disease.

Mr. Pond, known to thousands as "Doctor Pond," was an old resident of Wisconsin, and had lived in Janesville many years. For years he was a contractor in the United States mail service, being awarded mail routes throughout the west and northwest. He followed this business until his failing health compelled him to retire from active business pursuits. For years he had heart trouble, and many times he had been on the threshold of the door of death.

Mr. Pond was a kind hearted man, and held a large circle of friendship. His home life was especially sunny. He leaves a wife, and five children—Miss Etta Pond, Miss Ada L. Pond, Mrs. Edwin Bailey, William S. and Andrew C. Pond, all of Janesville.

ASYLUM DEDICATION NEXT FRIDAY

Hospital Directors Will Have Charge and There Will Be a Big Time.

Arrangements are now being planned to dedicate the new insane asylum next Friday evening. "We will have a full moon on that night," said W. T. Vankirk, of the committee, "and if we can all agree I think that will be the night. The city hospital management will have charge of the arrangements."

A Wide Awake Firm.

When The Wisconsin Carriage Top Company opened their doors Wednesday morning they did not have a finished buggy in stock and their force of painters have been kept busy twelve hours per day this week to get their orders out fast enough for the demand. One would not think this company was suffering by the close times as they seem to have all, and more than they can do to fill orders. The people have found that it pays them to look this firm up, as the prices suit their pocket books.

Handsomest Tournament in the City

D. Ryan has added to his well kept stock of carriages, one of the Wisconsin Carriage Top Co's. Alben Stanhopes. Mr. Ryan says "it is the finest job turned out in this city and it will be a buggy that will be eagerly sought after by his customers."

Notice.

There will be a special meeting of Wisconsin Lodge No. 14 I. O. O. F. at Odd Fellows hall this evening, at 8 o'clock, to make arrangements to attend Brother S. A. Pond's funeral. A. H. TRAYER, N. G.

PRAISE THE SHAW
 FOR MANY MERITS.

FAMOUS PIANISTS PRAISE THE
 GAZETTE PRIZE.

Everybody Who Has Examined the Instrument at S. C. Burnham & Co's Says the Things Said in Its Favor Were Justified—Conditions of the Contest.

What is thought of the Shaw piano by pianists, vocalists and teachers. This is not hard to find out. When The Gazette chose an instrument it picked out the best to be had. The girl who wins this instrument may well rejoice. Here are a few statements published in St. Paul papers by those who have used the Shaw:

OSCAR L. LIENAU, tenor singer and teacher of the voice writes: ST. PAUL, MINN., AUG. 2, 1892. GENTLEMEN: I am extremely pleased with the Shaw Piano, which I purchased of you. I have used it for some months and consider it a superior instrument. Its clear full tone and elastic touch is a delight not only to myself, but to my many friends, its sweet singing quality being especially noticeable, and I shall be pleased to recommend it to my pupils, etc., I am, yours respectfully, OSCAR L. LIENAU.

Frederick Leavitt, the expert piano tuner: ST. PAUL, MINN., MAY 1, 1892. GENTLEMEN: As compared with other first class instruments, the Shaw piano has the charming characteristics of each—all in one. Not a break in the scale. No rattling in the action. Never harsh nor metallic in tone. Stays in tune. Such is my admiration for the piano that I would not trade, "even up" for any upright made. My own Shaw has not required any attention during the past year and is in almost perfect tune now. Yours respectfully, FRED. LEAVITT.

Professor William Manner, organist at the Cathedral and leader of the German Mannerchoir Singing society says: ST. PAUL, MINN., MAY 6, 1892. I admire the Shaw Piano very much. Their construction is most excellent, the tone is round, rich and mellow, and altogether I consider them one of the very best pianos made today in this country. I can cheerfully recommend them. Respectfully yours, W. MANNER.

Those who wish to learn for themselves the quality of piano offered by the Gazette are urged to visit S. C. Burnham & Co's store. Several patterns of the Shaw are there shown. These instruments rank in the markets of the country just as Chickering's, Steinways and Knabes, the four occupying first place. Everybody who has seen the Gazette piano is enthusiastic in its praise. It has a pure ringing tone, and its action is very fine. These qualities are what would be expected of a Shaw piano and The Gazette made no mistake in choosing that instrument.

Friends of contestants show a lively interest in the success of their favorites and votes are coming in rapidly. A Query.

Lord Angus—Ah, well, Miss Remsen, 'tis a pity you haven't in this country any old ruins like "McGregor's Curse," just outside of Edinburgh.

Miss Remsen—What's the matter with McComb's Dam, at the upper end of New York?—Brooklyn Life.

The Only Drawback.

Gus De Smith—There is one drawback to the thought that spring is at hand.

Pete Amsterdam—What is that? Gus De Smith—The insane prejudice against shooting baseballists and brass band performers.

The Water Supply in Danger.

Indignant Guest—Waiter, I have drank five glasses of water waiting for that breakfast. When am I going to get it?

Waiter—In about four glasses more.

There Was a String to It.

Johnnie Masher—Allow me to press one kiss upon those rosy lips, even as the ardent sun kisses the opening rose. Miss Sharpgirl—When you get as far away from me as the sun is you can do all the kissing you want to.

AND GOLD IN THE HEAD. relieved instantly by one application of Birney's Catarrh Powder

REV. FATHER CLARKE, Sec'y to the Rt. Rev. Bishop of Columbus, Ohio, writes: GENTLEMEN:—I cannot say enough for your Powder. It has cured me of an aggravated attack of catarrh when nothing else could help me. Am delighted with it. All my friends to whom I administered samples are quite enthusiastic over it. The good spirit speaks most encouragingly of their use of it in the hospital under their care. I will do anything to speak a good word for the remedy to help others who are suffering. M. E. FRANKSON, Custodian U. S. Appraiser's Stores, Chicago, writes: GENTLEMEN:—Being almost entirely deaf for a number of years past and getting no relief from many so-called cures which I tried, was induced by a friend to try Dr. Birney's Catarrh Powder for my deafness. Have recovered my hearing entirely, so that I can now hear a watch tick plainly, it being held 15 inches from my ear. I look upon it as a positive cure for deafness and have recommended its use to many of my friends and can say I have never heard of a case where it has failed to relieve. Did You Ever Meet a Truly Good Man?

No doubt you think you have, but we'll wager a dime or so he is not the man. If he did, he would occasionally, and no man can be truly good who swears occasionally. Health, nerve tranquility and morality are apt to go hand in hand. Painful spasmodic diseases like rheumatism and neuralgia ruin the temper, make one morose, peevish and rebellious. This is a sad fact, but it is none the less true. Drive away the pain, mollify the temper, restore tranquility of mind in cases of rheumatism and neuralgia with Hostetter's Stomach Bitters, an anodyne and tonic of comprehensive range and effect. It healthfully stimulates the kidneys, bladder, stomach, liver and bowels when inactive, and induces sleep and appetite. A very quieting effect, not an unnatural, stupefying one like that of an opiate, is produced by a wine-glassful before retiring. It is incomparable in malarial disease.
